

activity 3 WORKSHEET: make your own binoculars

This worksheet contains a simple step by step guide to making your binoculars

WHAT YOU NEED

- 2 empty toilet paper rolls
- White glue
- Tape
- Decorating supplies, such as markers, crayons, stickers or tissue paper (optional)

1. Get 2 cardboard tubes

2. Now decorate the cardboard however you like

3. When each one has been decorated, stick the two tubes together

4. Attached the string to one end of the each cardboard tube to make a strap so you can wear the binoculars around your neck comfortably
